The New NRL

Happy New Year! We're kicking off the New Year with some exciting changes at our Library as we unveil the New NRL in 2020. As part of our new Strategic Plan, we're introducing a brand new logo and website on January 2 that will help demonstrate our Library's value and impact within the community.

The Library's new logo was designed using a carefully selected color palette based on graphic design color theories to represent the Library's vision. Purple symbolizes Inspiring Creativity, teal stands for Fostering Learning, and orange represents Engaging Community. The new logo was developed with the assistance of Dr. Hope Carroll's graphic design students at Lenoir Community College; student Cody Pearce's logo design was selected and tweaked by the Library's Technology Specialist Sean Moore to the final product you see today.

The Library is also introducing a new website at www.neuselibrary.org, also designed by Sean Moore, that features an eye-catching, user-friendly interface. The updated website is faster, visually appealing, informative, and easy-to-use. Monthly programming schedules, hours, and contact information for each of our eight library locations are now easier to select; beautiful photographs of key Lenoir, Jones, and Greene County landmarks are distributed throughout the site, and access to individual library accounts and catalog listings has been simplified.

Please visit www.neuselibrary.org to see the dynamic changes we've made and learn more about upcoming activities that support the educational and recreational needs of our community. You can also find information on social media using the hashtag #newnrl2020. We would love to have you be a part of the Library's story!
