

NEUSE REGIONAL LIBRARY

MISSION STATEMENT

The Neuse Regional Library is a public library system serving Lenoir, Greene, and Jones Counties. The Neuse Regional Library supports, strengthens, and enriches the residents and communities of Lenoir, Greene, and Jones Counties by systematically acquiring, organizing, and distributing a select collection of print and non-print materials; by providing traditional and emerging technologies; and by expanding services to meet their informational, educational, recreational, and cultural needs. The library prioritizes to make each person who enters the library feel valued and respected in an atmosphere of freedom and support.

The ongoing development of staff and services, combined with the integration of new technologies into all operations, will empower the Neuse Regional Library to continue achieving a standard of excellence.
