

NEUSE REGIONAL LIBRARIES

DISTRIBUTION AND DISPLAY OF PRINTED MATERIALS

POLICY #2018-09

The purpose of this policy is to establish standards concerning the use of the areas officially designated for the display and distribution of materials at Neuse Regional Libraries. In order to avoid the perception of sponsorship or endorsement of other organizations, individuals, religious groups or political entities, staff authorization is required for the display of materials.

In addition, the distribution of leaflets, cards or other printed materials, whether political, religious or business, is not allowed in public library facilities unless it is to supplement a program being presented.
